

Cartridges and Reels

M-Type Cartridges

Made of high impact ABS plastic for long life and durability. Available in a variety of colors. Complete with leader.

Stock No. 1163

Solid Flange Reels

Durable construction. Available as a standard reel or with a built-in trailer lock. Call for free samples. Specify square/square or square/round center when ordering.

Trailer Holders Stock No. 1057 – 500 per box.

ANSI Cartridges

Completely compatible with Kodak Ektamate Cartridges. High quality construction. Packaged 100 per case.

Stock No. 1058

Open Flange Reels

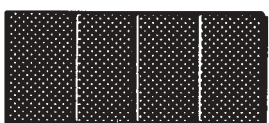

Ideal for film storage. Available in both white or grey. Specify square/square or square/round center when ordering.

Splicing Supplies

Clear M Splice Tabs

16mm clear splicing tab for all normal splicing. Available in rolls or separate.

16mm Black or Silver Splice Tabs

16mm black or silver splicing tab for 3M photocell sensing readers and many other machines. Also for darkroom use (silver).

16mm Clear K Splice Tabs

16mm splicing tabs (oval shape). For use where edge of film must be kept clear. Also used to save time – oval shape is easier to place on film and does not have right angles which require more exact placement.

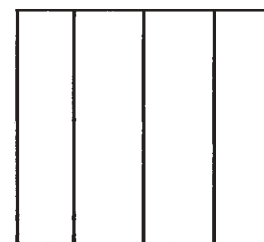

Processing Tape – Specifically formulated to resist water and chemistry. Available in 1/2" and 1" widths, cream or silver.

Call for more information.

35mm Clear Splice Tabs

For all normal splicing.

All splice tabs packaged 1000 per carton.

Editing Tape – Available in both clear and black. Sold in a variety of sizes. Call and we will match your needs with the appropriate splicing tape.

Systems Cleaner – Fuji 143 Tank and Tray Cleaner – Pre-mixed solution for table top processors (1:2 dilution for deep tank processors). When used on a regular basis it maintains processor performance and removes damaging silver deposits from racks and rollers. Packaged 4 gallons per case. Stock No. 1287

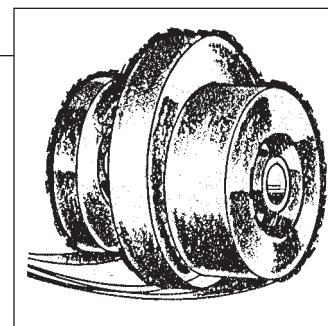

Processing Leader

Designed for use in deep tank processors. Made of 5 mil. polyester. Available in 16mm, 35mm and 105mm widths.

16 x 1000' Stock No. 1009

35 x 1000' Stock No. 1010

105 x 1000' Stock No. 1012
